PROFILE AND OBJECTIVES

Passionate web developer specializing in WordPress development, including custom themes, Elementor designs, WooCommerce integrations, and MySQL management. Skilled in Java, JavaScript, PHP, VB.Net, HTML, and CSS. I excel at creating dynamic, user-centric websites. My objective is to continuously grow as a developer while delivering innovative digital solutions that enhance online presence and drive business success.

SKILLS

- **Languages:** PHP, JavaScript (ES6+), Java, VB.Net, HTML5, CSS3, Liquid
- **Frameworks & CMS:** WordPress (Elementor, WooCommerce), Shopify, NationBuilder
- **Databases:** MySQL, NoSQL (MongoDB)
- **Design & UI/UX:** Figma, Wireframing, Prototyping, Responsive Design
- **Tools & Environment:** VS Code, XAMPP, SSMS, Git, Google Workspace Admin
- **Core Concepts:** Object-Oriented Programming (OOP), RESTful APIs, System Support

EXPERIENCE

Web Developer & Data Administrator | MicroSourcing (Australian Political Party)

Nov 2025 – Present

- **Website Maintenance:** Handle day-to-day updates, bug fixes, and content management for the party's web platforms to ensure they remain functional and up-to-date.
- **Data Coordination:** Manage member databases and mailing lists; work directly with the Operations Manager and Branch Presidents to ensure data is organized and accessible for party activities.
- **Operational Support:** Act as the primary technical point of contact for the Party President and state-level leaders for website troubleshooting and data requests.
- **Reporting:** Assist in pulling and cleaning data sets to help leadership understand membership trends and branch performance.

Jr. Web Developer | Bullsseye Solutions, Inc.

July 2024 – Nov 2025

- **WordPress Builds:** Built and customized websites using Elementor and WooCommerce based on designs provided by the marketing team.
- **Site Health:** Performed routine maintenance, including plugin updates, security scans, and manual backups for client sites.
- **Content Management:** Updated front-end copy and back-end configurations to keep sites aligned with changing client requirements.

Full Stack Developer (Intern) | JCBA Solutions and Consultancy Inc.

Jan 2024 – Apr 2024

- **SQL & Reporting:** Wrote SQL queries to pull data from internal databases for SAP Crystal Reports.
- **Documentation:** Ensured all generated reports met the specific formatting and data requirements requested by the department.

EDUCATION & CERTIFICATIONS

Bachelor of Science in Information Technology | Jose Rizal University | Graduated 2024

Honors: Cum Laude

Key Certifications:

- **IT Specialist:** Databases (Certiport)
- **AWS Academy:** Cloud Foundations Graduate
- **TESDA NCII:** Computer System Servicing (CSS)
